

## Commodity Credit Corporation, USDA

## § 1450.1

### § 1437.505 Application for payment for the tropical region.

(a) For producers of covered tropical crops in Guam, Virgin Islands, American Samoa, and the Commonwealth of the Northern Mariana Islands, the Republic of the Marshall Islands, the Federated States of Micronesia, and the Republic of Palau, an application for payment must be filed at the same time as the filing of the notice of loss required under §§ 1437.10 and 1437.504.

(b) For producers in Puerto Rico and Hawaii, an application for payment for such crops must be filed by the later of:

(1) The date on which the notice of loss is filed in accordance with §§ 1437.10 and 1437.502(i), and

(2) The date of the completion of harvest for the specific crop acreage that existed at the time of loss for which the notice of loss was filed.

## Subpart A—Common Provisions

### § 1450.1 Administration.

(a) The regulations in this part are administered under the general supervision and direction of the Executive Vice President, Commodity Credit Corporation (CCC), or a designee. In the field, the regulations in this part will be implemented by the Farm Service Agency (FSA) State and county committees (“State committees” and “county committees,” respectively).

(b) State executive directors, county executive directors, and State and county committees do not have the authority to modify or waive any of the provisions in this part unless specifically authorized by the FSA Deputy Administrator for Farm Program (Deputy Administrator).

(c) The State committee may take any action authorized or required by this part to be taken by the county committee, but which has not been taken by such committee, such as:

(1) Correct or require a county committee to correct any action taken by such county committee that is not in accordance with this part; or

(2) Require a county committee to withhold taking any action that is not in accordance with this part.

(d) No delegation of authority to a State or county committee will preclude the Executive Vice President, CCC, or a designee, from determining any question arising under this part or from reversing or modifying any determination made by a State or county committee.

(e) Data furnished by participants will be used to determine eligibility for program benefits. Furnishing the data is voluntary; however, the failure to provide data could result in program benefits being withheld or denied.

(f) Subject to the availability of funds and all other eligibility provisions of this part, this part provides the terms, conditions and requirements of BCAP. In the event that CCC determines that available funds are insufficient to accommodate the demand for establishment and annual payments as well as all potential applications for matching payments for collection, harvest, storage, and transportation of eligible material, without any advance notice other than that stated here, CCC may prioritize the expenditure of program funds in favor of funding for the selection of BCAP project areas and the establishment and annual payments related to those project areas, and may make such other priorities in approvals that will, in the determination of the Deputy Administrator, advance the purposes of BCAP.

**§ 1450.2 Definitions.**

(a) The definitions in part 718 of this title apply to this part and all documents issued in accordance with this part, except as otherwise provided in this section.

(b) The following definitions apply to this part:

*Advanced biofuel* means fuel derived from renewable biomass other than corn kernel starch, including biofuels derived from cellulose, hemicellulose, or lignin; biofuels derived from sugar and starch (other than ethanol derived from corn kernel starch); biofuel derived from waste material, including crop residue, other vegetative waste material, animal waste, food waste, and yard waste; diesel-equivalent fuel derived from renewable biomass including vegetable oil and animal fat; biogas (including landfill gas and sewage waste treatment gas) produced through the conversion of organic matter from renewable biomass; and butanol or other alcohols produced through the conversion of organic matter from re-

newable biomass; and other fuel derived from cellulosic biomass.

*Agricultural land* means cropland, grassland, pastureland, rangeland, hayland, and other land on which food, fiber, or other agricultural products are produced or capable of being produced.

*Animal waste* means the organic animal waste of animal operations such as confined beef or dairy, poultry, or swine operations including manure, contaminated runoff, milking house waste, dead poultry, bedding, and spilled feed. Depending on the poultry system, animal waste can also include litter, wash-flush water, and waste feed.

*Annual payment* means the annual payment specified in the BCAP contract for BCAP project areas that is issued to a participant for placing eligible land in BCAP.

*Beginning farmer or rancher* means, as determined by CCC, a person or entity who:

(1) Has not been a farm or ranch operator or owner for more than 10 years,

(2) Materially and substantially participates in the operation of the farm or ranch, and

(3) If an entity, is an entity in which at least 50 percent of the members or stockholders of the entity meet the first two requirements of this definition.

*Biobased product* means a product determined by CCC to be a commercial or industrial product (other than food or feed) that is:

(1) Composed, in whole or in significant part, of biological products, including renewable domestic agricultural materials and forestry materials; or

(2) An intermediate ingredient or feedstock.

*Bioenergy* means renewable energy produced from organic matter. Organic matter may be used directly as a fuel, be processed into liquids and gases, or be a residual of processing and conversion.

*Biofuel* means a fuel derived from renewable biomass.

*Biomass conversion facility* means a facility that converts or proposes to convert renewable biomass into heat,
